**ALL CLASSES CUSTOMIZED TO FIT YOUR NEEDS**

# INSPIRED STUDENTS | AMAZING RESULTS

Exciting Hands-on Experience

## STUDENT ARTWORK

**"Jessel is an inspiring artist and teacher who can find the gem in any piece and teach how to enhance it."**

## JESSEL MILLER | Artist & Gallery Owner WATERCOLOR, ACRYLIC, GLASS

Celebrated artist and author Jessel Miller has been a Northern California fixture for more than three decades. In 1984, Jessel established what is now Napa's oldest and largest art gallery. Jessel Gallery supports a thriving Napa Valley art community, and has been voted **Napa Valley's Best Art Experience**.

Jessel graduated with a Bachelor's Degree in Fine Art from the University of Florida in 1971. In 1982 she had her first major show at the **San Francisco Museum of Modern Art** titled *Bay Area Personalities*. This exhibition featured watercolor portraits of 25 well-known personalities including Maya Angelou, Herb Caen, Dianne Feinstein & Louise Davies. While Jessel has worked with notables like Governor and Mrs. Pete Wilson, John Ratzenberger and others, she's quick to point out the common bond that art brings. *"I find that the moment my students drop down on their artwork, a peace comes over their faces and a quiet rhythm ensues."*

**"The greatest joy for me is when the class stills and is lost in what I call the Zen Zone. For two or three hours people let go of the world outside and focus on the brush, paint and paper."** - Jessel Miller

In 2012, Jessel decided to match her formal training and deep expertise with her intuitive hands-on teaching ability, and the Jessel Miller Art Class was born. Students rave about Jessel's fun and encouraging teaching style, and are often surprised and delighted by their own results.

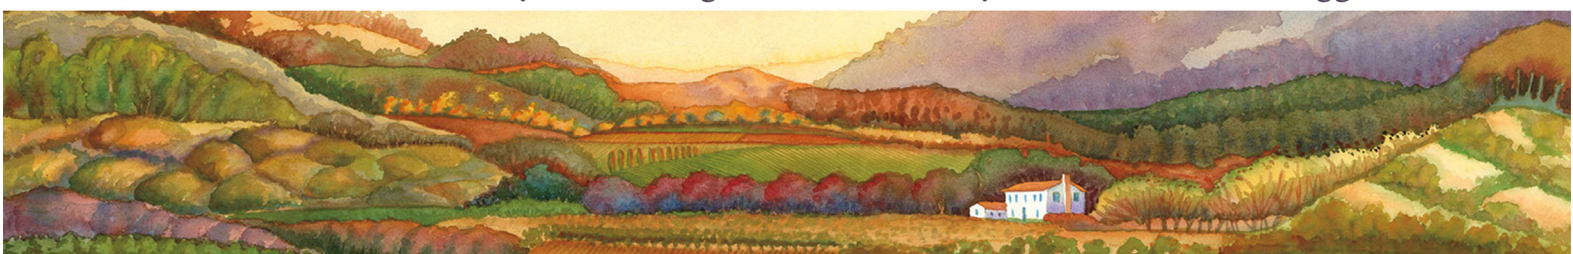

### WHAT OUR STUDENTS ARE SAYING

**"An extraordinary experience!"**

**"It opened up a whole new world for me!"**

**"Her positive approach and encouragement keep the process light and fun."**

**"Jessel has a wonderful way of drawing out our creativity with themes and suggestions."**
